Connect the parts of your system

The work collected under “Internationalization” shows one part of a working system. We can help connect that part to the rest of your operation. Software that reads naturally in every market you sell in, including the dates, the currencies and the way names sort.

Built a cross-language figure check

Built a cross-language content check that fails when a translation drops a figure the English states, and when a language uses notation it does not use — finding two Danish descriptions missing a metric and sixteen Ukrainian spans quoting in the English style.

Focus the engineering effort

Describe the workflow, the existing interfaces and the users who need the change. We can define a testable delivery and a handover that lets your team maintain it.
